TUCK'S POST CARD

CARTE POSTALE. POSTKARTE.

By Appointment.

The Natural History Museum is a magnificent Romanesque building erected in 1873-80 at a cost of over £350,000, to accommodate the natural history collections formerly housed at the British Museum. The exhibits, which are accounted one of the finest collections in the world, were gradually removed here between 1881-6. Mr. A. Waterhouse, R.A., was the architect responsible for the designs.
